## RUSSIAN

troops forcibly charged with com-  
mitting awful outrages.

Tokio, May 16.—A correspondent of  
the Kowamin Shimbun of Tokio  
who is with General Kuropatkin, has made  
a charge that the Russians mutilated  
a Japanese dead at the Yalu river.  
He says that the detachment of  
the Fourth regiment of the Imperial  
guards which occupied Kasan received  
the counter attack from the Rus-  
sians, three Japanese soldiers fell into  
the hands of the enemy and were  
taken prisoners. The mutilated corpse  
of one of them, named Tatsukuro Wat-  
anabe, was afterwards found, accord-  
ing to the correspondent, in a tree on  
the bank of the Yalu.

"The dead man's face had been  
stripped of its skin, his stomach had  
been gouged out," continued the cor-  
respondent, "and his feet had been  
cut out. The mutilations were horrible.  
It is believed that the other men met  
the same fate, but when the corpse  
of the three were rolled over the bank  
only that of Watanabe caught on a  
tree, the others falling into the river."

## Announcement Prevented.

St. Petersburg, May 16.—2:30 p. m.—  
The interruption of communication  
with Port Arthur prevents the admi-  
rally investigating the announcement  
from Liao Yang of the daring torped-  
ing of a Japanese armored cruiser  
off Port Dalny. As soon as commu-  
cation is re-established the admiralty  
expects the commander of the fortress  
to send full details.

## Cruiser Miyako Destroyed.

Washington, May 16.—The Japanese  
legation has received the following

Admiral Kataoka reports that on  
May 14, our torpedo boat flotilla con-  
tinued sea sweeping operations under  
cover of the fleet. The enemy con-  
structed temporary batteries on the  
promontory at Kerr Bay, Talian Wan,  
mounting six field guns, beside a hea-  
vily constructed fort and with one  
company of soldiers stubbornly resist-  
ing our attack. Our torpedo flotilla  
defying the enemy's fire carried out  
the operations and destroyed five  
mines laid by the enemy. Unfortunately  
one of the mines exploded and sunk  
our cruiser Miyako. In this accident  
six men were killed beside the two  
who were wounded during the fight."

The Miyako was assisting in the  
operations of clearing the Russians'  
mines from Kerr Bay, northeast of Ta-  
lien Wan Bay, on which Port Dalny  
is situated. Admiral Kataoka, com-  
mander of the third squadron, return-  
ed there Sunday with a detachment  
of his squadron, protecting two flo-  
tillas of torpedo boats which had been  
detached to complete sweeping the  
harbor by the removal of mines. Five  
mines were discovered and exploded,  
and the work was being suspended for  
the day when the Miyako struck an  
undiscovered mine, which exploded  
with tremendous force under her  
stern, off the port side and inflicted  
immense damage on the hull. The  
Miyako sank in 20 minutes. Two sail-  
ors were killed and 22 men wounded.  
The rest of the crew were rescued.

The news of the loss of the Miyako  
has been reported in Tokio. The dan-  
gerous character of the work in which  
the Miyako was engaged is generally  
appreciated, but it was thought that  
the loss of torpedo boat No. 48 under  
similar circumstances Thursday last,  
would serve as a warning to those en-  
gaged in the work to exercise the  
greatest care.

Admiral Kataoka reports that the  
Russians withdrew from Robinson  
Point northeast of Kerr Bay, which  
opposes Talian Wan Bay, May 12, but  
they erected a temporary fort on a  
height northeast of Taku Mountain,  
where they mounted six guns and con-  
structed protecting trenches. The ves-  
sels of Admiral Kataoka's squadron  
shelled the Russian throughout Sun-  
day, but the latter stubbornly retained  
their position. The Japanese flotilla  
while sweeping the bay, were exposed  
to the Russian fire all day, but con-  
tinued their work.

When the Japanese torpedo boat  
No. 18 was destroyed, May 12, in Kerr  
Bay, while removing mines, seven men  
were killed and seven were wounded.  
The 18 was the first warship lost by  
Japan during the war with Russia.

The Miyako was one of the warships  
which took part in the operations at  
Kerr Bay, Talian Wan Bay and Black-  
ney (or Deep Bay) the day No. 48 was  
destroyed.

The Miyako was a steel cruiser of  
1,800 tons displacement, and 6,130 in-  
dicated horse power, and was com-  
pleted in 1901, and having an esti-  
mated speed of 20 knots. She was  
214 feet long, had 36 feet beam and  
drew 13 1/2 feet of water. Her arma-  
ment consisted of two 4.7 inch quick  
firing guns and ten 1.8 inch guns and  
torpedo tubes.

China Reiterates Neutrality.  
St. Petersburg, May 16.—2:10 p. m.—  
In order to allay Russian apprehen-  
sion as to the attitude of China, the  
Chinese minister here has given For-  
eign Minister Lamsdorff fresh assur-  
ances of the purpose of his govern-  
ment not to violate its neutrality and  
to preserve tranquility throughout the  
empire. These assurances, which are  
based on despatches received from  
the Chinese foreign office and Viceroy  
Yuan Shi Kai, the commander-in-chief  
of the Chinese forces, set forth in the  
most positive terms that there is ab-  
solutely no ground to believe that  
China will depart from her proclaimed  
attitude.

"While there has not been the  
steepest fear that the peace of the em-  
pire would be disturbed or that my  
government would intervene in the  
war," said the Chinese minister to the  
correspondent of the Associated

Press, "it was still deemed wise to  
communicate to Peking and Viceroy  
Yuan Shi Kai the sensational rumors  
circulating in Europe."

"The Chinese foreign office tele-  
graphically reiterates that China is  
determined to continue to observe the  
strictest neutrality, giving support  
neither to Russia or Japan. Viceroy  
Yuan Shi Kai telegraphed that the  
rumors of impending uprisings were  
without foundation and assures me  
that a repetition of the Boxer revolt  
of 1900 was impossible."

"The viceroy is a strong man, who  
can be depended upon to preserve or-  
der. The mass of the army, consist-  
ing of 10,000 men, is distributed in  
small detachments throughout the vast  
territory which indubitably is under  
Chinese control. Its duty is to main-  
tain peace and see that neutral terri-  
tory is not violated by either belliger-  
ent."

The minister was not advised of the  
attack of the governor of Foo Chow,  
on the coal mines at Port Adams. He  
thinks the circumstances are misun-  
derstood and that would be found that  
there was no intention to commit an  
act of hostility against Russia.

Nor was the minister informed of  
the reported Chinese attacks on Rus-  
sian troops in Manchuria, for which,  
even if they occurred, China could not  
be held responsible as the reign is  
comprised in the theater of war, which  
is specifically exempted from Chinese  
jurisdiction.

## WAR

In Far East Threat-  
ens to Make

Far Reaching

Complications On Ac-  
count of Economic

Depression It May Entail, and  
Impossibility of Gauging  
Its Possible Duration.

Besides General State of Insecurity  
Attendant on Such a Conflict the  
Interruption to Trade Must  
Be Considered.

Budapest, Hungary, May 16.—At to-  
day's sitting of the budget committee  
of the Austrian delegation, Foreign  
Minister Goluchowski made a speech  
in which he lengthily reviewed the in-  
ternational situation. The most in-  
teresting portion was a reference to  
the gloomy situation in the far East.

"There," said Count Goluchowski,  
"far-reaching antagonistic interests  
have brought about a struggle which,  
owing to the impossibility of gauging  
its duration and on account of the  
general economic depression it may  
entail, threatens to make itself felt  
by even those not directly concerned.  
Besides the general state of insecurity  
attendant on such a long conflict there  
has to be considered the interruption  
of the free intercourse of trade and  
the mutually wide interpretation given  
by belligerents nowadays to the  
term 'contraband of war.' This wide  
interpretation exercises such a far-  
reaching effect on international trade  
that it appears justifiable to inquire  
whether it would not be advisable  
through a mutual agreement of the  
powers to check that much felt evil  
in the future by the introduction of  
certain restrictive regulations. That  
must, however, be reserved for a more  
suitable moment."

"Austria-Hungary's position in re-  
gard to the war is one of strict neu-  
trality and as all the other powers  
have taken the same attitude it may  
so far as human foresight can reach  
be anticipated that the struggle will  
be localized and result in no further  
dangerous complications."

Count Goluchowski expressed satis-  
faction at the "cordial relations" ex-  
isting between Austria and Italy, es-  
pecially in regard to the Balkans,  
which constituted a guarantee of  
peace which should not be underesti-  
mated."

The Anglo-French convention Count  
Goluchowski considered to be "another  
link in the chain of arrangements  
intended to weld more firmly the  
peaceful union of the European pow-  
ers."

Count Goluchowski considered that  
satisfactory progress was being made  
in the Macedonian reform programme  
and said both Austria-Hungary and  
Russia deemed it an honor to do the  
fullest justice to the mission entrusted  
to them by the great powers and they  
hoped Turkey would not further im-  
pede the task. Unless Turkey loyally  
assisted in the reforms she should  
have herself to blame for the serious  
dangers to which she inevitably would  
be exposed.

## DICK'S

Coming Is Anxious-  
ly Awaited

At Columbus.

Kilbourne's Friends  
Make Estimates

Which Show That Conserva-  
tives Will Control Dem-  
ocratic Convention.

Horse Thief Shot While Attempting  
Robbery South of Columbus.  
Disconsolate Wife Tries to  
Suicide by Acid Route.

Columbus, May 16.—Some of the  
candidates before the republican state  
convention tomorrow and next day are  
arriving today, and interest is bracing  
somewhat. The arrival of Senator  
Dick is being awaited anxiously as it  
is taken that Dick will virtually have  
authority to direct all nominations. He  
is reported as billed to arrive tonight  
or early tomorrow. Senator Foraker  
will come tomorrow morning. For-  
aker's strength in the convention is  
not sufficient to permit him to take  
any very active part in any fight that  
may arise. He will, however, be ham-  
pered upon the big four together with  
Dick, Herrick and Cox. The resolu-  
tions will endorse President Roosevelt.  
The only fight will be upon the su-  
preme judge and member of the board  
of public works as has been indicated  
Judge Bradbury, of Pomeroy, is being  
much talked of as a possible winner,  
and C. D. Hamlin, of Elyria, is being  
strongly touted as the nominee for  
member of the board of public works,  
despite the fact that the electric trolley  
interest is opposed to his selection.  
No new candidates have been brought  
out in the last two days, and the list  
is probably complete at this time.

Conservative Estimates.  
Dr. G. F. Gilliam, campaign manager  
for the Kilbourne, presidential boom,  
says of the results of county conven-  
tions held to date:  
"The results of the various conven-  
tions are very gratifying to friends of  
Col. Kilbourne."  
According to the most careful esti-  
mates obtainable, there have been  
elected so far to the state convention,  
64 delegates who may reasonably be  
expected to support Mr. Hearst, and  
two hundred and ninety-five who are  
opposed to his ambitions.  
"With the certainty that Franklin  
county, with 55 votes, and Cuyahoga,  
with 73, will also send delegations who  
are not favorable to Mr. Hearst, this  
would assure four hundred and three  
votes in opposition to him, or 41 more  
than three hundred and sixty-two  
which constitutes a majority of the  
state convention."

"While the preferences of the dele-  
gates elected are as a rule very decid-  
ed as between Hearst and Parker, the  
sentiment of the latter class is almost  
universal for the endorsement of Col.  
Kilbourne, as Ohio's candidate and a  
goodly number of the Hearst men are  
in agreement with them on that pro-  
position."

Horse Thief Killed.  
Mathias Held, a wealthy farmer re-  
siding three miles south of the city  
limits, shot and killed an unknown  
burglar at one o'clock this morning,  
while the latter was endeavoring to  
get away with one of Held's horses.

Held was apprised of the presence of  
thieves in his barn by an electric bur-  
glar alarm, connecting with his resi-  
dence. The dead man was about 45  
years of age, poorly dressed and has  
not been identified. Held gave him-  
self up to the officers pending investi-  
gation.

Sought Peace in Death.  
Mrs. Glen Schwind attempted sui-  
cide today by taking carbolic acid and  
will probably die at St. Frances hospi-  
tal. Domestic trouble was probably  
accountable for the act as she left a  
note for her husband, from whom she  
had been separated for several weeks.

Struck By Electric.  
Michael McGregor, of Galloy, O.,  
is in a serious condition at Grant hospi-  
tal as a result of being struck by a  
Columbus, London and Springfield in-  
terurban car, Sunday night. He is  
45 years old and unmarried.

MUST STAY IN JAIL.  
Washington, May 16.—The supreme  
court of the United States today af-  
firmed the opinion of the supreme  
court of Ohio in refusing to release  
John Boyd, of Guernsey county, Ohio,  
committed to custody for violation of  
the local option law. The opinion  
was delivered by Justice McKenna.

## EDWARD WILL RETURN CALL.

Berlin, May 16.—King Edward has  
announced his intention to visit Em-  
peror William during the regatta week  
at Kiel, which begins June 22.

## NECESSARY PERMISSION

Given Ambassador Storer For Ameri-  
can Squadron to Enter Port  
of Trieste.

Vienna, May 16.—Ambassador Storer  
has received from the foreign office  
the necessary permission for an  
American squadron of nine warships  
to enter the ports of Trieste and  
Fiume. The foreign office accom-  
panied the permission by an expres-  
sion of the imperial government's  
pleasure at the proposed visit of the  
American squadron. Under the  
Austro-Hungarian law, not more than  
six foreign warships can enter Aus-  
trian waters, and not more than three  
can enter an Austrian port without  
special permission of the government,  
hence the necessity for the state de-  
partment's request through Mr.  
Storer. The squadron is expected to  
arrive in these waters about July 1  
and will remain at Trieste, Fiume or  
in their neighborhood for two or three  
weeks.

## JAIL

of Gambling.

Declines to Answer Questions  
Concerning Asked By  
District Attorney.

Court Sentences Him to Ludlow  
Street Jail for Contempt, But  
Habeas Corpus Proceedings  
Prevents Incarceration.

New York, May 16.—Jesse Lewison,  
the banker who was subpoenaed to  
testify regarding his knowledge of  
gambling in this city, declined to  
answer questions put to him by Dis-  
trict Attorney Jerome before Judge  
Wyatt in the court of special sessions  
today. Mr. Jerome immediately  
made application to Justice Wyatt for  
the commitment of the witness for  
contempt. This was granted and  
Lewisohn was turned over to the cus-  
tody of a county detective. Lewisohn  
was given his choice of summary com-  
mittment or a warrant for misde-  
meanor. He chose the former and an  
application was made at once to the  
supreme court for a writ of habeas  
corpus.

After a transcript of what transpired  
before Justice Wyatt in the court of  
general sessions had been written,  
Lewisohn was taken before the grand  
jury.  
A writ of habeas corpus was secur-  
ed from Justice Dugro of the supreme  
court in the Jesse Lewisohn proceed-  
ings, returnable this afternoon. This  
will review the whole case, as far as  
it has gone. The writ was secured on  
a petition in which Lewisohn held that  
the proceedings are illegal and uncon-  
stitutional in that his counsel was ex-  
cluded from the examination; that he  
had previously answered the questions  
and that there was no ground in law  
for even the issuance of the summons  
in the case. When taken before the  
grand jury, Lewisohn refused to  
answer questions and was then de-  
clared in contempt of court by Judge  
McMahon for his failure to answer.  
He was committed to the Ludlow  
street station until May 31. The writ  
of habeas corpus obtained from Jus-  
tice Dugro, however, will review the  
case in its entirety thus probably ob-  
taining the necessity of his incarceration.

# RELICTS OF HANNA

Will Name State Ticket, National Del-  
egates and Dictate the Platform.

Foraker Faction In Minority

But Has Sufficient Power to Prevent Such Har-  
mony as Is Desired by Majority. Dick-  
Herrick Combine Will Have Decisive  
Majority. Full Program.

Columbus, May 16.—Some delegates  
and most of the candidates are here  
today for the republican state con-  
vention that convenes tomorrow to nomi-  
nate a state ticket, select delegates  
and alternates at large to the national  
convention at Chicago, adopt a plat-  
form, etc. For years there have been  
factions, headed respectively by Sen-  
ators Foraker and Hanna, who have  
themselves been the conspicuous fig-  
ures of these annual gatherings. Sen-  
ator Foraker is the leading person-  
age with elaborate headquarters here  
this week, but the "old Hanna guard,"  
including Gov. Herrick, Senator Dick,  
Geo. B. Cox, of Cincinnati; Dr. J. E.  
Lowes, of Dayton, and other so-called  
Hanna legates evidently have con-  
trol of the convention with a large  
majority of the 951 delegates, willing  
to do their bidding. They will name  
the state ticket and the national dele-  
gates and dictate the platform. This  
is conceded by all of the other fac-  
tions who are here with minority pow-  
er that cannot change results, but that  
can prevent such harmony as is de-  
sired by the majority.

"The Harmony Programme" has  
Herrick, Cox, Dick and Foraker for  
delegates-at-large, L. C. Laylin for  
head of the state ticket for secretary  
of state and all other places filled in  
advance including Governor Herrick,  
for the Ohio member of the national  
committee and Senator Dick for chair-  
man of the state committee. This

state includes Chas. P. Taft, publisher  
of the Cincinnati Times Star, and  
Noah H. Swaine, of Toledo, and a son  
of former Justice of the United States  
Supreme court as the Ohio electors  
at large. Taft is a brother of the sec-  
retary of war and a son of Judge Al-  
fonso Taft, who was both secretary of  
war and attorney general under Grant.

A review of the twenty-one congres-  
sional districts shows that the Herrick  
Deck and Cox "combine" will have a  
decisive majority on the new state  
central committee that is selected to-  
morrow as well as on the commit-  
tees on credentials, resolutions, etc.,  
and that this "combine" has a major-  
ity of the forty-six Ohio delegates to  
the Chicago convention but the main  
issue was to retain the old "Hanna or-  
ganization" in the state and that is  
now assured since all of the eighty-  
eight county conventions have been  
held to select delegates to this state  
convention.

Governor Herrick who will be both  
temporary and permanent chairman of  
the convention, says he will sound no  
national keynote in his speech but  
will simply give an account of his  
own stewardship and that of the re-  
cent legislature. Platforms have been  
drafted by Senator Dick, Congressman  
Grosvenor and others, but it is under-  
stood that the Dick platform, which  
is brief and does not seek to antici-  
pate the declaration of principles at  
Chicago, is the one that will be adop-  
ted.

Philadelphia, May 16.—The Metho-  
dist preacher's at their weekly meet-  
ing, today, drafted and sent the fol-  
lowing telegram to the M. E. Confer-  
ence at Los Angeles:  
"By an unanimous rising vote the  
preacher's meeting protests against  
the retirement of Bishop Foss."  
Another telegram was sent to Bishop  
Cyrus D. Foss, who is attending the

conference. It was as follows: "The  
Philadelphia preachers meeting, rep-  
resenting the entire Methodist of the  
city and conference earnestly protest  
against your retirement from the ac-  
tive Episcopacy, whether voluntarily  
or involuntarily. You were never  
more vigorous in carig for every inter-  
est committed to you and your admin-  
istration was never more intelligent  
and popular."

OUR PRISONERS ARE  
TREATED LIKE KINGS.

"The prisoners in our country are  
treated like kings and princes as com-  
pared with those of Roumania," said  
John T. Ekails, of Portland, Me.  
"I chanced to be in Roumania about  
six months ago and saw a man ar-  
rested. Being curious I determined to  
watch and learn what they did with  
him. He was not tried and released  
the next day as he would have been  
in this country, but was subjected to  
medieval tortures. He was whipped  
with the so-called sand saunas, a  
bag filled with wet sand. This instru-  
ment of torture inflicts terrible pain,  
but leaves no marks whatever on the  
body of the culprit."

"This particular prisoner was tor-  
tured in order to wrest from him a  
confession whether or not the kissing  
of an actress had been the result of  
a preconcerted conspiracy. He denied  
it and was then treated to the joys of  
the "ash bag"—that is, his head was  
put in a bag filled with ashes. The  
jaegers beat with a stick upon the  
bag, causing the ashes to penetrate in-  
to the eyes, mouth, nostrils and ears  
of the prisoner."

"The process was then wound up  
by what is known as the 'truth finder'  
a sort of wooden forceps by which  
the temples of the prisoner are com-  
pressed. This was too much for the  
man. He confessed to a lie."

"I was glad to learn a few days lat-  
er, however, that the torturers had  
been removed from office for their un-  
seemly work."

the Lake Carrier's Association has  
signed a contract embodying the wage  
scale submitted by their organization.  
Practically all the vessel owners in-  
cluded in the Lumber Carrier's Asso-  
ciation have agreed to pay the scale  
and signed contracts to that effect.

Local members of the executive com-  
mittee of the Lake Carrier's Associa-  
tion said today there were no new de-  
velopments in connection with the  
deadlock.

DAMAGING FROST.  
Cleveland, May 16.—Reports from  
many points in Ohio show that more  
or less damage to vegetables and  
fruits was caused by frost last night.  
In some instances ice formed and the  
temperature fell to 30 degrees or low-  
er.

Contracts Closed by Masters With

Cleveland, May 16.—According to  
the statement of District Captain Paul  
Howell, of the Masters and Pilots' As-  
sociation, contracts were signed today  
with the owners of seven additional  
freight steamers and these boats will,  
it is said, be immediately placed in  
service. The owners of these vessels  
are not members of the Lake Car-

Masters and Pilots' Association admit  
that up to this time no members of

### What Makes Good Values in Pianos?

Is it price or quality? Neither one alone—both together. Trash is trash, though a gift and good pianos are not good value except at fair prices. A business man is loth to pay \$1.01 for the prettiest dollar ever coined. Yet he is little more unwise than his more numerous brother who thinks no article has "good value" unless it has a high price tacked to it.

**KIMBALL PIANOS**

Are an example of good values at the right price. There is only one satisfactory test of value—that is comparison. Then be your own judge.

**WALL.**  
Milwaukee, May 16.—The democratic state convention will meet here tomorrow for the purpose of electing four delegates at large to the national convention at St. Louis, also to ratify the election of the delegates named by the congressional district caucuses and choose a national committeeman, the name presidential electors.

From the returns of the caucuses throughout the state Edward C. Wall, of this city, candidate for the presidential nomination, will undoubtedly be endorsed by the convention over Wm. R. Hearst, the only other candidate who has been seeking the control of the state delegation. According to estimates of the Wall managers, their candidate will have close to 400 of the 583 delegates in the convention. The Hearst supporters say this claim is preposterous, but have not given out their figures. Owen A. Wells, of Fond Du Lac, has been chosen as temporary presiding officer of the convention. Among those mentioned for delegates-at-large are Nat Brown of Wausau; Mayor David S. Rose, of Milwaukee; Timothy E. Ryan, of Waukegan; George W. Bird and Wm. F. Vilas, of Madison, and Dr. Wendel A. Anderson, of La Crosse.

**LIMA PEOPLE TO HEAR THIS GREAT VIO-LINIST.**

Washington Special Telegram, August 18.—The newspaper and musical people of Washington experienced a new thing in musical matters this evening. William Yonck, of Detroit has been visiting Washington for a few days, and tonight he gave a recital at the parlors of the National Capital Press Club. It was announced that he would play some violin solos, and when he played the "Faust Fantasy" of Sarasate, the listeners were very much pleased with the fine musical skill, taste and expression of the performer.

Then Mr. Yonck did a very unusual thing. For a second number he gave, instead of another violin solo, a group of tenor songs. It is rare to find a combination of singer and violinist, but it seems as if he was a whole concert company in himself. There was one other musician who combines two forms of solo performance in a single evening, and that is Max Heinrich.

Mr. Yonck created much enthusiasm by his spirited and faultless playing, and more by the fine quality, strength, and sweetness in his voice. He sang several songs by the Washington composer, H. C. Rakeman, as well as some of Schumann's compositions. Mr. Yonck has won his way to the hearts of all he has met—Detroit Tribune.

### CHEERFUL WOMEN.

How to Keep Happy.

**DESPONDENCY** is a thing of evil origin and evil results. Worry produces nothing but wrinkles and wretchedness. Let the reader put a little note on her bureau, on her desk, and at the head of her bed, just two words, "Worry No More." Worry is the greatest foe to the happiness of any household. An anxious, despondent face, a fretful, complaining voice, will make every one uncomfortable.

A woman's nerves are more truly the cause of worry than outside troubles. The nerves are a woman's body, the telegraphic system, which carries the word of any trouble in the feminine make-up.

**WHY WOMEN HAVE 'NERVES'**

"That is the reason why women have 'nerves.' When our thoughts begin to grow cloudy and uncertain, our impulses lag and the warnings of pain and distress are sent like flying messages throughout our limbs and frame, we straightway, nine times in ten, lay the cause of the trouble to some defect in the point where we first feel it. Is it a headache, a backache, a sensation of tremor or twitching and uncontrollable nervousness, something must be wrong with the head or back, a woman naturally says, but all the time the real trouble very often centers in the woman's organs. In nine cases out of ten the seat of the difficulty is here, and a woman should take rational treatment for its cure. The local disorder and inflammation of the delicate special organs of the sex should be treated steadily and systematically."

Dr. Pierce, during a long period of practice, found that a prescription made up entirely of roots and herbs, without the use of alcohol, cured over ninety per cent of such cases. After using this remedy for many years in his private practice he put it up in a form that would make it easily procurable, and it can be had at any store where medicines are handled.

**\$500 REWARD FOR WOMEN WHO CANNOT BE CURED**

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in

offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, Female Weakness, Profluvium, or Fading of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

They have the most remarkable record of cures made by this world-famed remedy ever placed to the credit of any preparation especially designed for the cure of woman's peculiar ailments.

Sick women, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce by letter. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I write these few lines to let you know that I am using your 'Favorite Prescription,' and the good it has done me," says Mrs. Timothy Bourgeois, of Tolpore Narrows, New Brunswick. "I was troubled with headache and stomach trouble, also other female weakness. Having read a great deal about your cures I concluded to try the medicine, so my husband purchased a bottle of 'Favorite Prescription.' I was so time taking it before I felt better. Cannot thank you enough for the good it has done me. I hope others may be benefited by its use as I have been."

"I can strongly recommend Dr. Pierce's medicines, especially the 'Favorite Prescription,' and 'Golden Medical Discovery,' writes Mrs. Clara Gardner, of Raney, Mo. "I suffered from nervous debility, brought on by hard work and trouble. Had suffered several years; was growing weaker gradually, not only in body but in mind also. I began taking your medicine last spring. Commenced to improve from the start, and by the time I had taken twelve bottles, six of the 'Favorite Prescription' and six of the 'Golden Medical Discovery,' felt that I was well enough to get along without medicine. Was like a different woman and would not have been in this condition I was before taking the medicines, for a hundred dollars. Am well and hearty now, and if I ever need medicine again, will certainly take Dr. Pierce's."

**KNOW YOURSELF.**  
Your most important knowledge is knowledge of yourself. You should read a complete "Doctor" book, called Dr. Pierce's Common Sense Medical Adviser. Has reached its sixty-first edition or 2,000,000 copies. Send 21 cents in one-cent stamps, for this 1000-page book in paper covers, or 31 cents for a copy in cloth binding. Address Dr. R. V. WEATHER.

Washington, May 16.—For Ohio:  
Fair tonight with frost in north por-  
tion, warmer in west portion; Tues-  
day, rain, with rising temperature;  
variable winds becoming fresh south-  
east.

Democrats who have the good of the  
country, and their party appermost,  
should remember that bitter passion,  
and unreasonable prejudice never  
solved any social, political or eco-  
nomic problem.

HAS RIGHT RING.

In a recently published letter writ-  
ten by Colonel Kilbourne, prior to his  
name being used in connection with  
the presidential nomination, he said:

"I agree with you that the rank and  
file of our party are heartily tired of  
factional dissensions. They are ready  
to 'get together' and will insist that  
the leaders shall not permit their per-  
sonal differences to stand in the way  
of party unity. It is full time this  
were done. The battle is near at  
hand which may determine for gen-  
erations the future of this country. It  
is to be a battle for human rights  
and against imperialism and monopoly,  
between democracy and equal rights on  
the one hand and federalism and pre-  
rogative on the other. At such a time  
every true democrat will endeavor to  
unite all those who believe in the  
fundamental principles of democracy  
what ever their past differences may  
have been upon other issues, which,  
however important in the judgment of  
some are not vital to our form of gov-  
ernment or to the defense of human  
rights."

"No reorganization of our party is  
necessary to accomplish this. It is not  
required that anyone should surrender  
his views on questions which occa-  
sioned past differences, but merely that  
without regard to them he should join  
with his fellows in defense of the  
very ark of the covenant of democ-  
racy."

The Quail boys felt confident before  
leaving today that they had the Par-  
menter crowd downed, and that they  
would prevent their return to pos-  
sitions as confidential advisors to Sen-  
ator Foraker.

This fight was easily presaged at  
the republican county convention,  
when the Cable, Parmenter following  
believing their old leader had return-  
ed to power, assumed prominence as  
chairman, chief cook and bottlewash-  
er. The motive was soon discovered  
by the Quail adherents, and when the  
boys return from Columbus, the breach  
in their own ranks will be wider if  
possible than that which now exists  
between the Hanna and Foraker fac-  
tions.

## BLANCHARD

Made Governor In Pres-  
ence of Multitude.

In Address Declares That  
Every Law Against Mob  
Violence

Will Be Enforced If It Be Possible  
For Military To Accomplish.  
New Official Spoke on Race  
Question.

Baton Rouge, La., May 16.—In the  
presence of a multitude of Louisi-  
anians gathered in the grounds of  
the state capital today, Newton S. Blanch-  
ard was inaugurated as governor and  
J. C. S. Anders as lieutenant governor.

In his inaugural address, Governor  
Blanchard, speaking on law and order,  
said: "Mob law in contravention and  
defiance of law will not be tolerated.  
Lynching will not be permitted under  
any circumstances, if it be possible for  
the military, at the command of the  
governor to prevent it. Sheriffs will  
be held to the strictest accountability  
possible under the law for the safety  
from mob violence of persons in their  
custody."

On the negro question he said:  
"The negro is here. He is a man and  
a citizen. He is useful and valuable  
in his sphere. Within that sphere he  
must be guaranteed the equal protec-  
tion of the law and his education  
along proper lines—mainly agricul-  
tural and industrial—is at once a duty  
and a necessity. He must be pro-  
tected in his right to live peaceably  
and quietly, in his right to labor and  
enjoy the fruits of his labor. He  
must be encouraged to industry and  
taught habits of thrift."

"No approach toward social equality  
or social recognition will ever be  
tolerated in Louisiana. Separate  
schools, separate churches, separate  
cars, separate places of entertainment  
will be enforced. Racial distinction  
and integrity must be preserved."

STANDARD DIVIDEND  
OF \$8.00 PER SHARE.

Second Game On New Grounds.

Poor Fielding

A Feature of the Lima Team's Work.

Tippecanoe City "Diamond Skinners" Won an Easy Victory.

Two Home Runs Were Scored by the Visitors—Welsh Injured and Forced to Withdraw From the Game.

Tipp City

Lima

The new Lima base ball team suffered defeat at the hands of the Tipp City team at the Wheeler park yesterday afternoon in one of the worst played games the local fans care to see this season. Wise, Welsh, Lawlor and Sealts put up a good effort but the work of the team as a whole was very erratic and unsatisfactory. The lack of team work was noticed at all times and the need of coaching was clearly demonstrated. Wise pitched a good game in spite of the fact that the visitors scored 13 hits and with proper support, he could have won the game. The local team scored 11 hits but only won 5 runs with them.

In the second half of the fourth inning, Welsh started the game for Lima and had his left shoulder so badly hurt in sliding to second that he was forced to retire from the game. Then Lima's bullpen went up. There was careless base running, wild throws, and clumsy fielding and when the end of the agony was finally reached, the score was as follows:

Lima	ABRHSBPOA	E
Sealts, cf	5 1 3 3 0 0	0
Lawlor 1b	5 0 2 1 7 1	0

Notes of the Game. Wise had 17 strike-outs to his credit showing that he certainly did his share of the kind of work that goes to make up a good game.

The new ground was in fine condition and is so fast that the players will have to loosen up considerably.

The Tipp City boys are pretty fast for so early in the season.

The weather was cold enough for foot ball and the ball would sting a bit when it hit the bare hand.

Umpire "Ginty" was a bit rusty on rules but was perfectly fair in his decisions.

Schubert had few chances at second and showed up poorly at the bat.

The Giants had no game yesterday, and were at the Lima-Tipp City game, rooting for Lima.

The Lima team appeared in new uniforms yesterday. The suits are a dark blue with white letters.

Two home runs in one game and made off of a pitcher like Roy Wise, isn't a bad record for Tipp City.

The painters and daubers of the city have challenged the Lima team. It took a game like that of yesterday to show up the weak points in the Lima team. Give the management a chance and the team will be strengthened. Frank Sealts promises to return from Warren soon. Don't knock—best.

Lawlor is getting back into good form since he went to work for Jake Kissel. He made a good clean three base hit yesterday.

## THE REDS

Scored a Decisive Victory Yesterday.

Giants Were Defeated by a Score of 13 to 2.

Terrific Hitting by the Cincinnati Team Put Taylor Off of the Slab in the Second Inning—The Score.

Cincinnati

New York

In the presence of 21,683 people Cincinnati defeated New York in the last game of the present series yesterday afternoon by the score of 13 to 2. The heavy hitting of the Reds was responsible for their overwhelming victory. Taylor was relieved by Milligan in the latter half of the second inning. Mertes and Kelley were put out of the game for disputing decisions, McGraw and Schlei being their respective successors. Score:

Schlosser pitched a fine game and was also a star at the bat, knocking the ball over the fence and scoring the first home run on the new grounds. The game was a fast one from start to finish and was the best exhibition of good ball playing that the local team has yet put up. Gallagher is back to his old form, and played an excellent game at first base. The Arcade team made two triple plays during the game. The new grounds are already in good condition, and some good games may be expected there during the season. Yesterday's score was as follows:

## FILIPINOS ARE SHOWING WELL.

Students in Excellent Health, and All Anxious to Improve Their Time.

Washington, May 16.—The second quarterly report of Prof. William Alex Sutherland, in charge of the Filipino students in the United States, has been received by the bureau of insular affairs, war department. He speaks of excellent health of the students who spent their first winter in Southern California, and also of the satisfactory progress made in their school work.

The present plan is to collect the students at some suitable place after the school year is over and give them a special summer course along the lines where special work is needed and then after a short visit to the St. Louis Fair, to place them in schools and colleges in the central states.

The students as far as they have expressed themselves, desire to pursue a variety of callings upon their return to their island homes. Twenty-five per cent of them expect to become teachers. Some desire to become civil engineers, others desire to procure a commercial course, a few wish to study medicine, two are eager to enter the naval academy at Annapolis, and then find employment in the coastwise service of the Philippines. A few desire to study scientific agriculture, and it is suggested that they be placed in some southern agricultural training in the cultivation of rice sugar and cotton as well as acquaintance with modern agricultural instruments.

Mr. Kemp had been in poor health for about a year, but the end came quite suddenly and unexpectedly. Saturday, he returned home from Cleveland, and during the night, he became seriously ill and a physician who was summoned, found his condition to be very critical. He weakened steadily until the end came yesterday morning.

The deceased was born April 22, 1842, and lived to the age of 62 years and 23 days. He served in the federal army during the civil war, and was also a veteran in the Masonic order. about 12 years ago he was married to his wife, Mrs. Kemp, who was born in N. Y. about a year ago to attend the funeral of her brother.

## POPULAR

## Proprietor of the Cambridge Retires.

## Hostelry Sold to C. K. Devries, of Wheeling, W. Va.

## Mr. Manhard Will Spend the Summer On the St. Lawrence River and Will Then Return to Make Lima His Home.

Mr. A. S. Manhard has sold the Cambridge Hotel, near the depots, to Mr. C. K. Devries, of Wheeling, W. Va. Mr. Manhard came to Lima from Southern Kansas, nine years ago, where he had been engaged in the hotel business. In 1887, he purchased the Hotel Northrop and changed the name to the Cambridge. Mr. Manhard soon demonstrated his ability as a practical hotelman, for he, with out the aid of a bar, which is often considered so essential to the maintenance of all first class houses brought the Cambridge up to be one of the leading hostleries in this part of the state. Mr. Manhard has the reputation of being one of the strictest landlords in Northwestern Ohio, as he was always very particular in regard to the character of his guests. He retires from the hotel business feeling as sure that he has placed the Cambridge at the top, morally, socially and as a haven of rest with home comforts for the weary traveler. Mr. Manhard was for a number of years traveling passenger agent for the Canadian Pacific Railway, and was for fifteen years

in the railroad and steamship business at his home town, Brockville, Ontario. The popular landlord and his estimable family will spend the summer on the St. Lawrence river, but will return to Lima next fall to make this city their home. Mr. Manhard has not yet decided in what line of business he will engage. Mr. C. K. Devries, the new landlord of the Cambridge, is a hotelman of wide experience, having recently disposed of the Western House at Webster Springs, W. Va. Like his predecessor, he is a man of genial manners, and it goes without saying that he will maintain the high standard of the Cambridge. Mr. Manhard feels that in turning over the house which he worked so hard to build up, that he is giving the keys to a man who is competent to keep up the excellent standing of the house, and to one who is worthy to be his successor.
